As an affiliate of AliExpress is a alleged that Fran Calista and her crime organization are grossing well over \$50K per month for their illegal activity, fraud, crimes and blatant disrespect for the laws of the United States. The United States has already put Alibaba (co-company of AliExpress) on a list of "Notorious Counterfeit Goods Market" to which co-conspirator Fran Calista is helping Chinese sellers of AliExpress to continue to promote, facilitate and financially benefit from this illegal activity.

All sellers that have worked with Fran Calista and her groups have been compiled and listed with evidence to be reported to AliExpress and the FBI. Fran Calista and her organization of counterfeiting crimes have been reported to the Federal Bureau of Investigation, with substantial evidence and proven illegal activity. All her earning, messages and illegal group activity have been watched, monitored and offered as evidence against her.

Don't be surprised if you see Fran Calista and her cyber-crimes on an upcoming episode of American Greed. Even if she deleted everything (which she will try), she has mounds of evidence stacked against her. When she falls, she is going to fall hard. The United States doesn't take lightly to making money the fraudulent way while Ripping Off legitimate companies and people. What she is doing is illegal and a crime, plain and simple. Right is Right and Wrong is Wrong!
